RSC CASE ERECTOR

FORMER N
Sealing with
adhesive tape

FORMER H
Sealing with
hot melt glue

FORMER HN
Sealing
combination with
tape and glue

Simple and
intuitive format
change interface

Perfect
carton
squaring

High visibility and
space for easy
maintenance

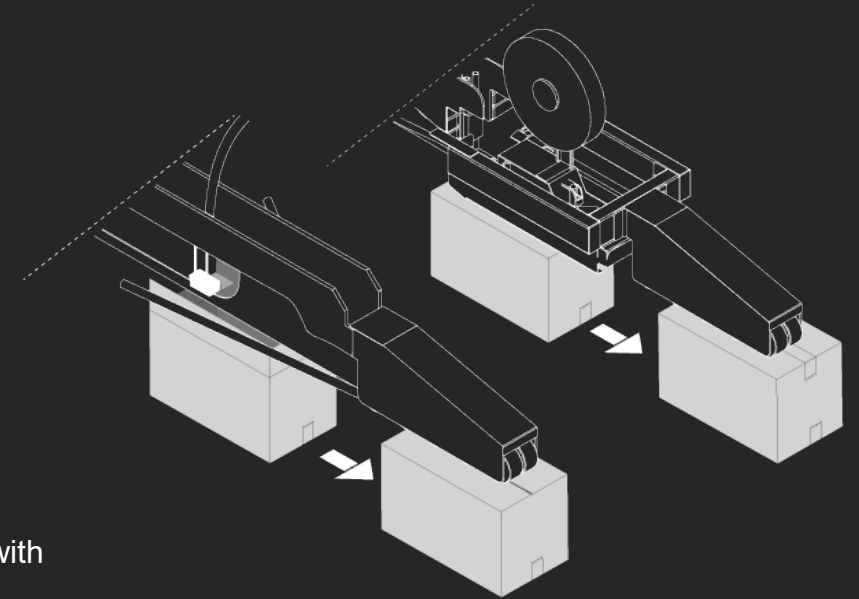

RSC CASE SEALER

CHN
Sealing with
adhesive tape

CHH
Sealing with
hot melt glue

CHNH
Sealing
combination with
tape and glue

Easy to use
and low
maintenance

Highest
safety
standards

Sturdy structure
in painted
metal profiles

FORMING MACHINES

FC40
Single head
forming unit

FC80
Double head
forming unit

FC80 R
Robotized Double
head forming unit

Simple and
intuitive format
change interface

Perfect
carton
squaring

High visibility and
space for easy
maintenance

CLOSING MACHINES

CT40
Linear
closing unit

CT41
Angolar
closing unit

CT45
Robotic
closing unit

Simple and
intuitive format
change interface

Easy to use
and low
maintenance

High visibility and
space for easy
maintenance

LIDDING MACHINES

CP40
Single head
lidding unit

CP80
Double head
lidding unit

CP85
Robotic
lidding unit

Highest
safety
standards

Easy to use
and low
maintenance

High visibility and
space for easy
maintenance

SIDE LOADING CARTONING

Pre-glued Carton

CR10
Intermittent motion
cartoning machine

CR15
Intermittent-continuous
motion cartoning
machine

CR20
Continuous
motion cartoning
machine

Simple and
intuitive format
change interface

intelligent
and accurate
self-diagnosis

High visibility and
space for easy
maintenance
